

Exciting changes are coming! Princes Gardens is getting new sports courts.

In late-2021, the sports courts at Princes Gardens will close for a complete redevelopment that will deliver three full-size tennis courts and two regulation size netball and futsal courts.

These works are part of the Princes Gardens masterplan implementation, and have been brought forward through funding assistance from the Victorian Government.

During the design process the number of netball courts was reduced from the current three under-size courts to two regulation size courts. In consultation with user groups it was agreed two regulation size courts would improve the usability and popularity of the facility – for casual users and local clubs for training and game day.

The courts at Princes Gardens will close during construction and reopen by mid-2022.

Thank you for your patience and understanding as we deliver new and improved community sporting facilities.
