### **IMPORTANT NOTES ABOUT OBJECTIONS TO PERMIT APPLICATIONS**

This form is to help you make an objection to an application in a way which complies with the *Planning and Environment Act 1987*, and which can be readily understood by the responsible authority. There is no requirement under the Act that you use any particular form.

Make sure you clearly understand what is proposed before you make an objection. You should inspect the application at the responsible authority's office.

To make an objection you should clearly complete the details on this form and lodge it with the responsible authority as shown on the Public Notice – Application for Planning Permit.

An objection must:

- State the reason for your objection; and
- State how you would be affected if a permit is granted.

The responsible authority may reject an objection that it considers has been made primarily to secure or maintain a direct or indirect commercial advantage for the objector. In this case, the Act applies as if the objection has not been made.

Any person may inspect an objection during office hours.

If your objection related to an effect on property other than at your address as shown on this form, give details of that property and of your interest in it.

To ensure the responsible authority considers your objection, make sure that the authority receives it by the date shown in the notice you were sent or which you saw in a newspaper or on the site.

If you object before the responsible authority makes a decision, the authority will tell you its decision.

If, despite your objection, the responsible authority decides to grant the permit, you can appeal against the decision. Details of the appeals procedures are set out on the back of the Notice of Decision, which you will receive. An appeal must be made on a prescribed form (obtainable from the Victorian Civil and Administrative Tribunal) and accompanied by the prescribed fee. A copy must be given to the responsible authority. The closing date for appeals is 28 days from the responsible authority giving notice of its decision.

If the responsible authority refuses the application, the applicant can also appeal. The provisions are set out on the Refusal of Planning Application, which will be issued at the time.

### **PETITIONS & MULTIPLE SIGNATORIES**

**Petitions are counted as 1 objection regardless of the number of signatories. Separate objections are required from each petitioner if you wish to have objector status and appeal rights otherwise only the first signatory OR any other person as directed, will be registered as an objector.**
