Introduction

The City of Stonnington's Annual Community Grants Program supports eligible community groups and not-for-profit organisations delivering Stonnington-based programs that;

- improve community health, wellbeing, and safety;
- enhance social connections;
- promote accessibility and inclusiveness;
- advance social cohesion and reconciliation; and
- actively promote environmental sustainability.

These projects must meet the objectives and priorities in the Council Plan and key Council strategies.

Program Objectives

The objectives of the Community Grants Program are to;

- foster community participation, build social connections, and reduce isolation;
- respond to local issues and priority areas of need within the community;
- provide accessible and inclusive opportunities for communities who are considered vulnerable or under-represented;
- build the capacity of local groups and organisations to develop, implement and sustain positive impacts in their community; and
- encourage sustainability and strong governance in the delivery of services and programs.

Principles and Funding Priorities

The Community Grants Program is underpinned by the following principles, which inform our priorities for funding.

- **Access and equity** – We will support programs and organisations that address social inequity, promote social inclusion, embrace diversity, and establish environments that support all people regardless of age, ability, culture, or identity.
- **Social and economic participation** – We will support programs and organisations which support the local community and economy, encourage community involvement, facilitate volunteerism, and empower the community.
- **Positive working relationships** – We will support programs and organisations which operate with transparency, link with Council priorities, and maintain relationships based on mutual trust and respect.
- **Flexibility and responsiveness** – We will support programs which recognise and can adapt to changing needs and circumstance.
- **Sustained benefit** – We will support programs with approaches that can remain financially viable and achieve sustained participation and positive impact into the future.
- **Environmental sustainability** – We will support activities with low to zero environmental impacts and promote environmentally sustainable practices including plastic waste avoidance and reduction.

In addition, Council may determine specific priorities for a funding year in response to an identified community need or strategic issue. Any specific priorities will be announced by Council as part of releasing the Community Grants Program.

Grant Streams

The Community Grants Program has four grants, as outlined in the following table. Organizations are limited to receiving funding for two grants per year, except in cases where they serve as an auspice. In such cases, there is no limit to the number of applications they can support.

For more information on each grant stream please visit Council's website:

Community Capacity Building Grants (Up to \$15,000)

Description: These grants are provided to organisations to deliver programs, projects and activities that benefit Stonnington residents and align with Council priorities and strategic direction.

Frequency: This grant is offered annually.

Types of activities we will fund:

- Social and cultural activities and events.
- Minor equipment purchases (less than \$2,000).
- Environmental initiatives and programs.
- Health and wellbeing activities.
- Activities that increase opportunities for organised and passive physical exercise.
- Programs addressing priorities announced by Council as part of releasing the community grants program (e.g. disaster event, significant social issues etc.).

Eligibility

Not for profit, community organisations residing in Stonnington, or providing services to residents of Stonnington, are eligible to apply for a Capacity Building Grant. All applications will be assessed on an individual basis and will be determined in accordance with the assessment criteria. The applicant must;

- have an Australian Business Number (ABN) or an Auspice Organisation with an ABN and written consent;
- be not-for-profit and incorporated under the Associations Incorporation Act or enacted under legislative provisions for charitable purposes; or
- be supported by an Incorporated Association that is deemed to be a not-for-profit, as classified by the Australian Taxation Office (section 103A(2) (c) of the Income Tax Assessment Act 1936);
- comply with Child Safety Standards and attach a Child Safe Policy to the grant application if the organisation provides services and facilities for children (anyone under 18 years old). Information on the Victorian Child Safe Standards can be found online at ccyp.vic.gov.au/child-safety/being-a-child-safe-organisation/;
- have current Public Liability insurance of no less than \$20,000,000; and
- have acquitted any previous Council grants and have no outstanding debts to Council.

In addition, applications will only be considered if they:

- are completed via online SmartyGrants application by the closing date and time;
- propose an activity that will commence and conclude in the financial year of the grant 2023/2024;
- propose an activity which takes place within the City of Stonnington boundaries or is part of a broader project that has a clear benefit to Stonnington residents.
- have beneficial outcomes for the Stonnington community;
- offer accessible and inclusive activities and programs without discrimination or restrictions; and
- have supplied all financial and other information that is requested.

Funding will not be considered for:

- commercial enterprises;
- business as usual – staff salaries and operational expenses except where there is substantial evidence the program would otherwise not operate without funding support;
- groups with access to revenue from electronic gaming machines;
- recipients of previous Community Grants who have not returned an acceptable completed acquittal form;
- proposals from current City of Stonnington employees or contractors;
- hire of venues of a commercial nature;
- carnivals, fairs, and festivals (please refer to Arts and Cultural Grants Program);
- political, religious, or spiritual organisations where the key focus of the program is to promote their beliefs (this does not include community celebrations of cultural festivals);
- activities that are considered the responsibility of State or Federal Government to fund (e.g., core school curriculum activities);
- activities that duplicate an existing service or program provided by City of Stonnington;
- projects that have detrimental environmental impact or produce large quantities of waste;
- structural building works, refurbishment or building maintenance;
- retrospective funding (i.e., funds for expenditure that has already commenced or occurred);
- projects/events outside the current financial year; and
- Projects that have already been approved by the Council under another funding program.

Assessment

After the application period has closed and applications have been submitted through the SmartyGrants online application portal:

- You will receive an email confirming receipt of your application.
- Your application will be assessed against the eligibility and assessment criteria by a panel of assessors. Except for taxation eligibility, Council retains discretion to waive or amend assessment and/or eligibility criteria.
- Funding recommendations will be submitted for a decision by Council. All funding decisions made by Council are final. There is no appeal or review process.
- All applicants will receive a notification via email and in writing with the result of their application.

Assessment Criteria

Eligible applications will be assessed against the following criteria.

How to Apply

Applications must be completed online [HERE](https://www.stonnington.smartygrants.com.au/CommunityGrant2022-2023) or by visiting the website:
www.stonnington.smartygrants.com.au/CommunityGrant2022-2023

Do not leave submitting your application to the last minute. System errors or delays may occur at times of heavy use with others submitting applications, which could result in your inability to lodge your application before the deadline.

Tips for writing a successful application

- Consider the objectives and underlying principles of the Community Grants Program (listed on Page 3) when writing your application.
- Use evidence to help explain the need for your project and what it will achieve. For example, research findings, data, or statistics; media articles; letters of support; project evaluations, etc. A greater level of evidence will be expected of applications seeking significant funding amounts.
- A shorter, well written application that clearly addresses each of the assessment criteria is often more effective than a long, overly detailed application, which can make the key information difficult to identify.
- Attend a training or information session (page 4).
- Contact a Council staff member if you have questions or need assistance.
