### How many passengers does the day trip bus carry?

The day trip bus have capacity for 17 passengers with access for a wheelchair.

### Where can our group travel to for a day trip?

Some common destinations are Mornington Peninsula, Dandenong Ranges, Geelong and Williamstown. We suggest a maximum of one and a half hours driving distance to a destination as this allows for more time to enjoy the destination before returning to base.

### Where do we get picked up from?

All passengers need to meet at a central place in Stonnington (of your choice). For example, Malvern Town Hall, Prahran Town Hall, Central Park or Grattan Gardens Community Centre.

### Can we take our children on the bus?

Yes. However, buses are not equipped with child seating equipment. Children must use an adult seat belt and cannot sit on a passenger's lap.

Please contact the Community Transport Program Leader [8290 3349](tel:82903349) if you have any questions.
