

# How to make a paper mache/collage bowl

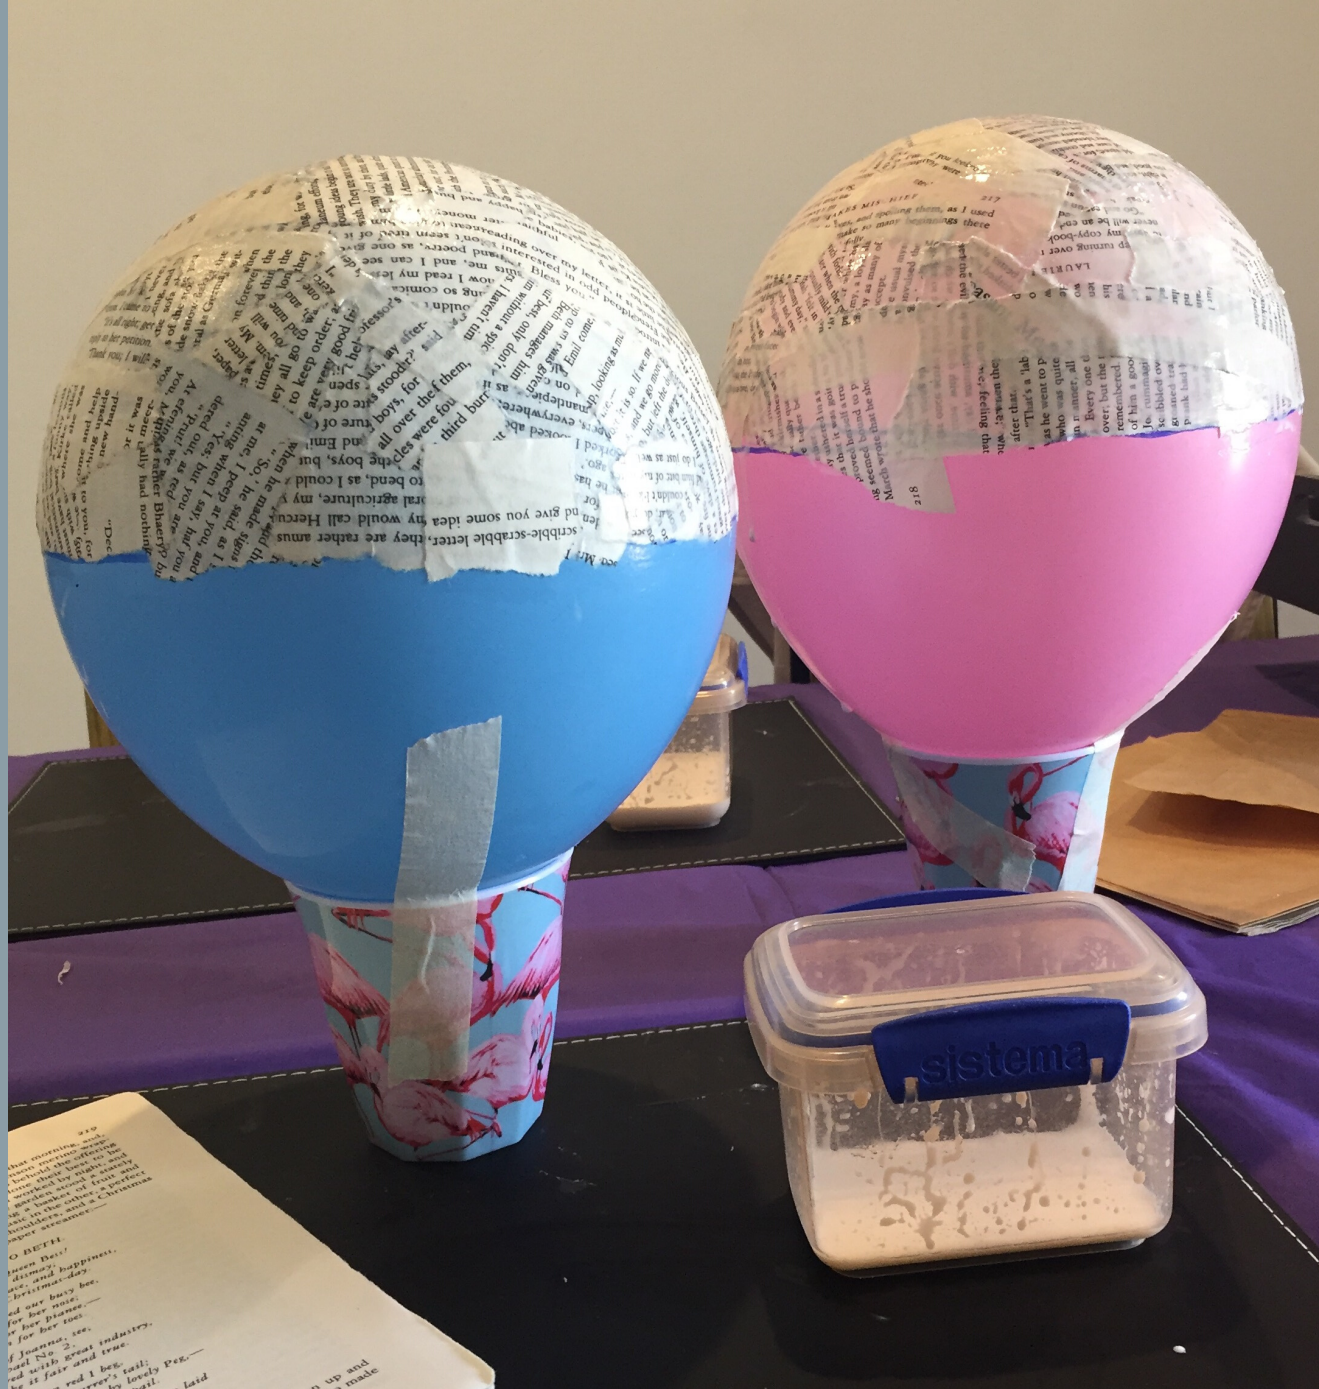

# What you'll need:

- **Balloons**
- **Masking tape**
- **Scissors**
- **A texta**
- **A pot or cup**
- **PVA glue mixed with a little water**
- **Paint brush**
- **At least 2 different kinds of paper**
- **Colourful and interesting pictures/shapes to decorate your finished bowl**

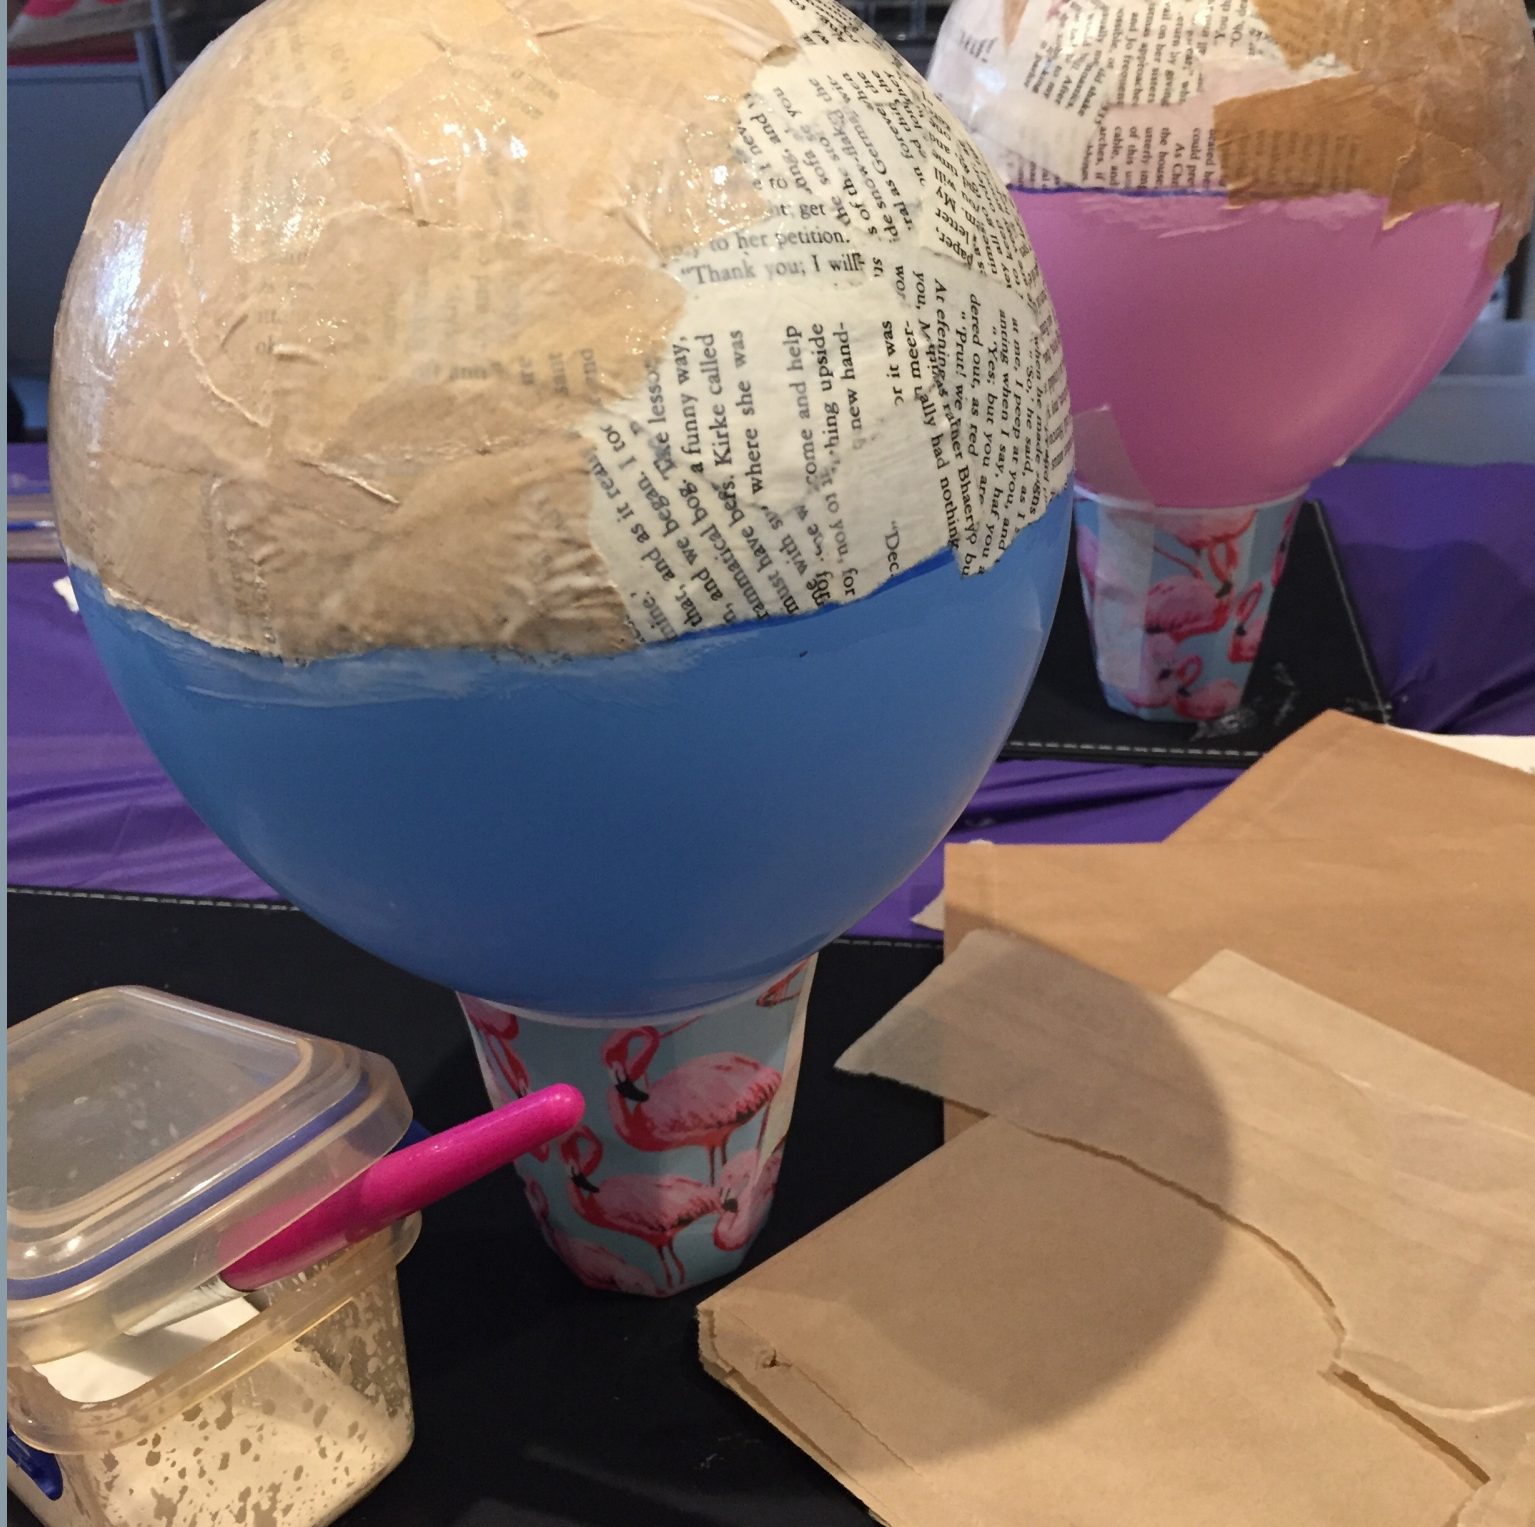

- **Put something in the bottom of your cup to add a little weight**
- **Blow up a balloon and tape it to your pot, knot end down**

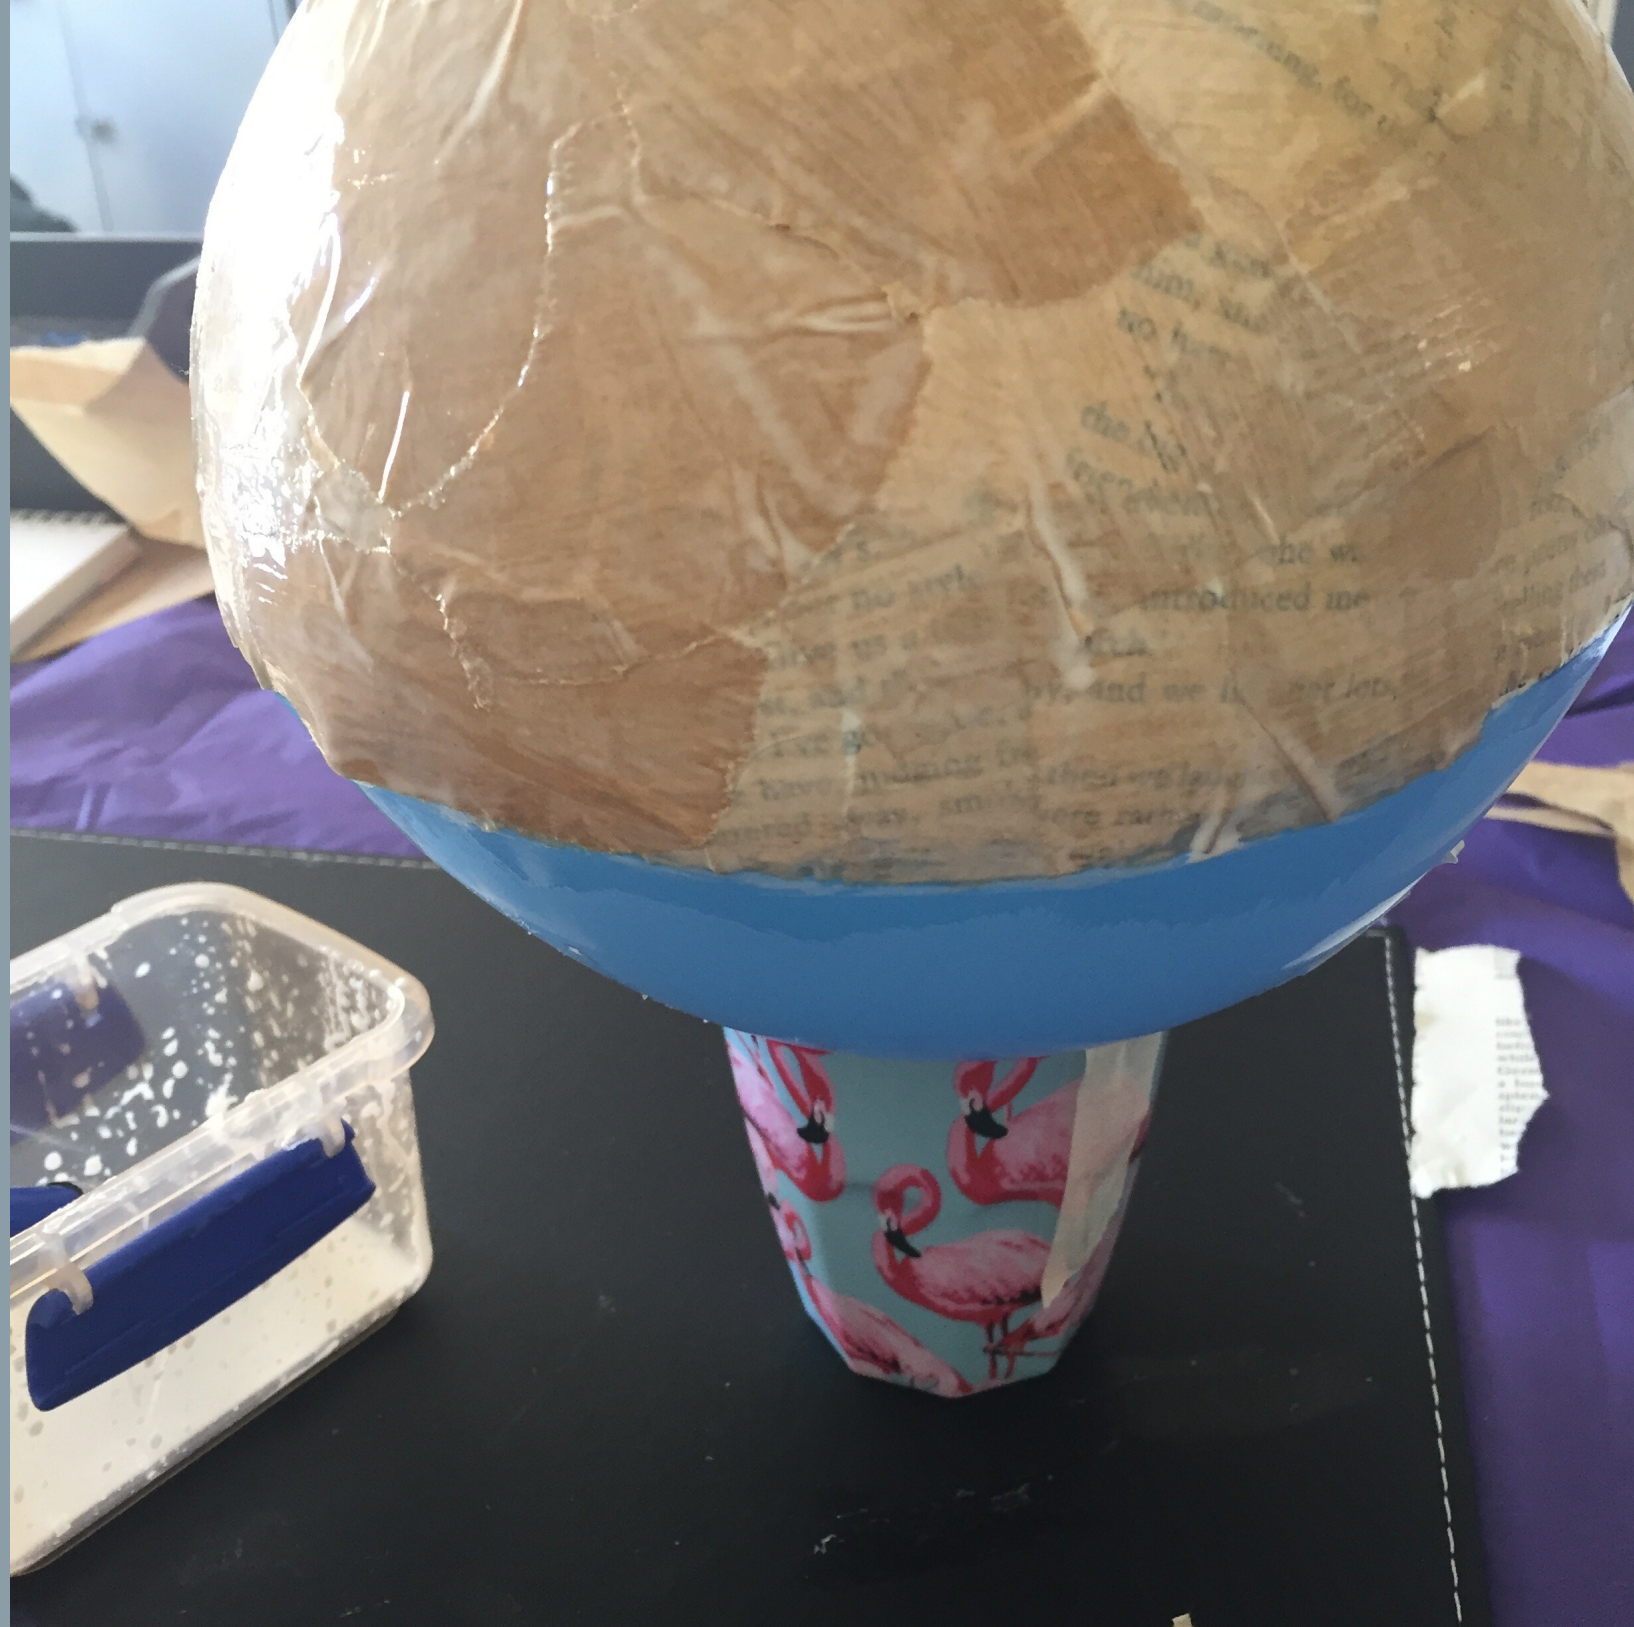

- **Decide how deep you want your bowl to be then draw a ring around your balloon**
- **Glue torn pieces of paper to balloon, remembering that this layer will be visible as the inside of your bowl**

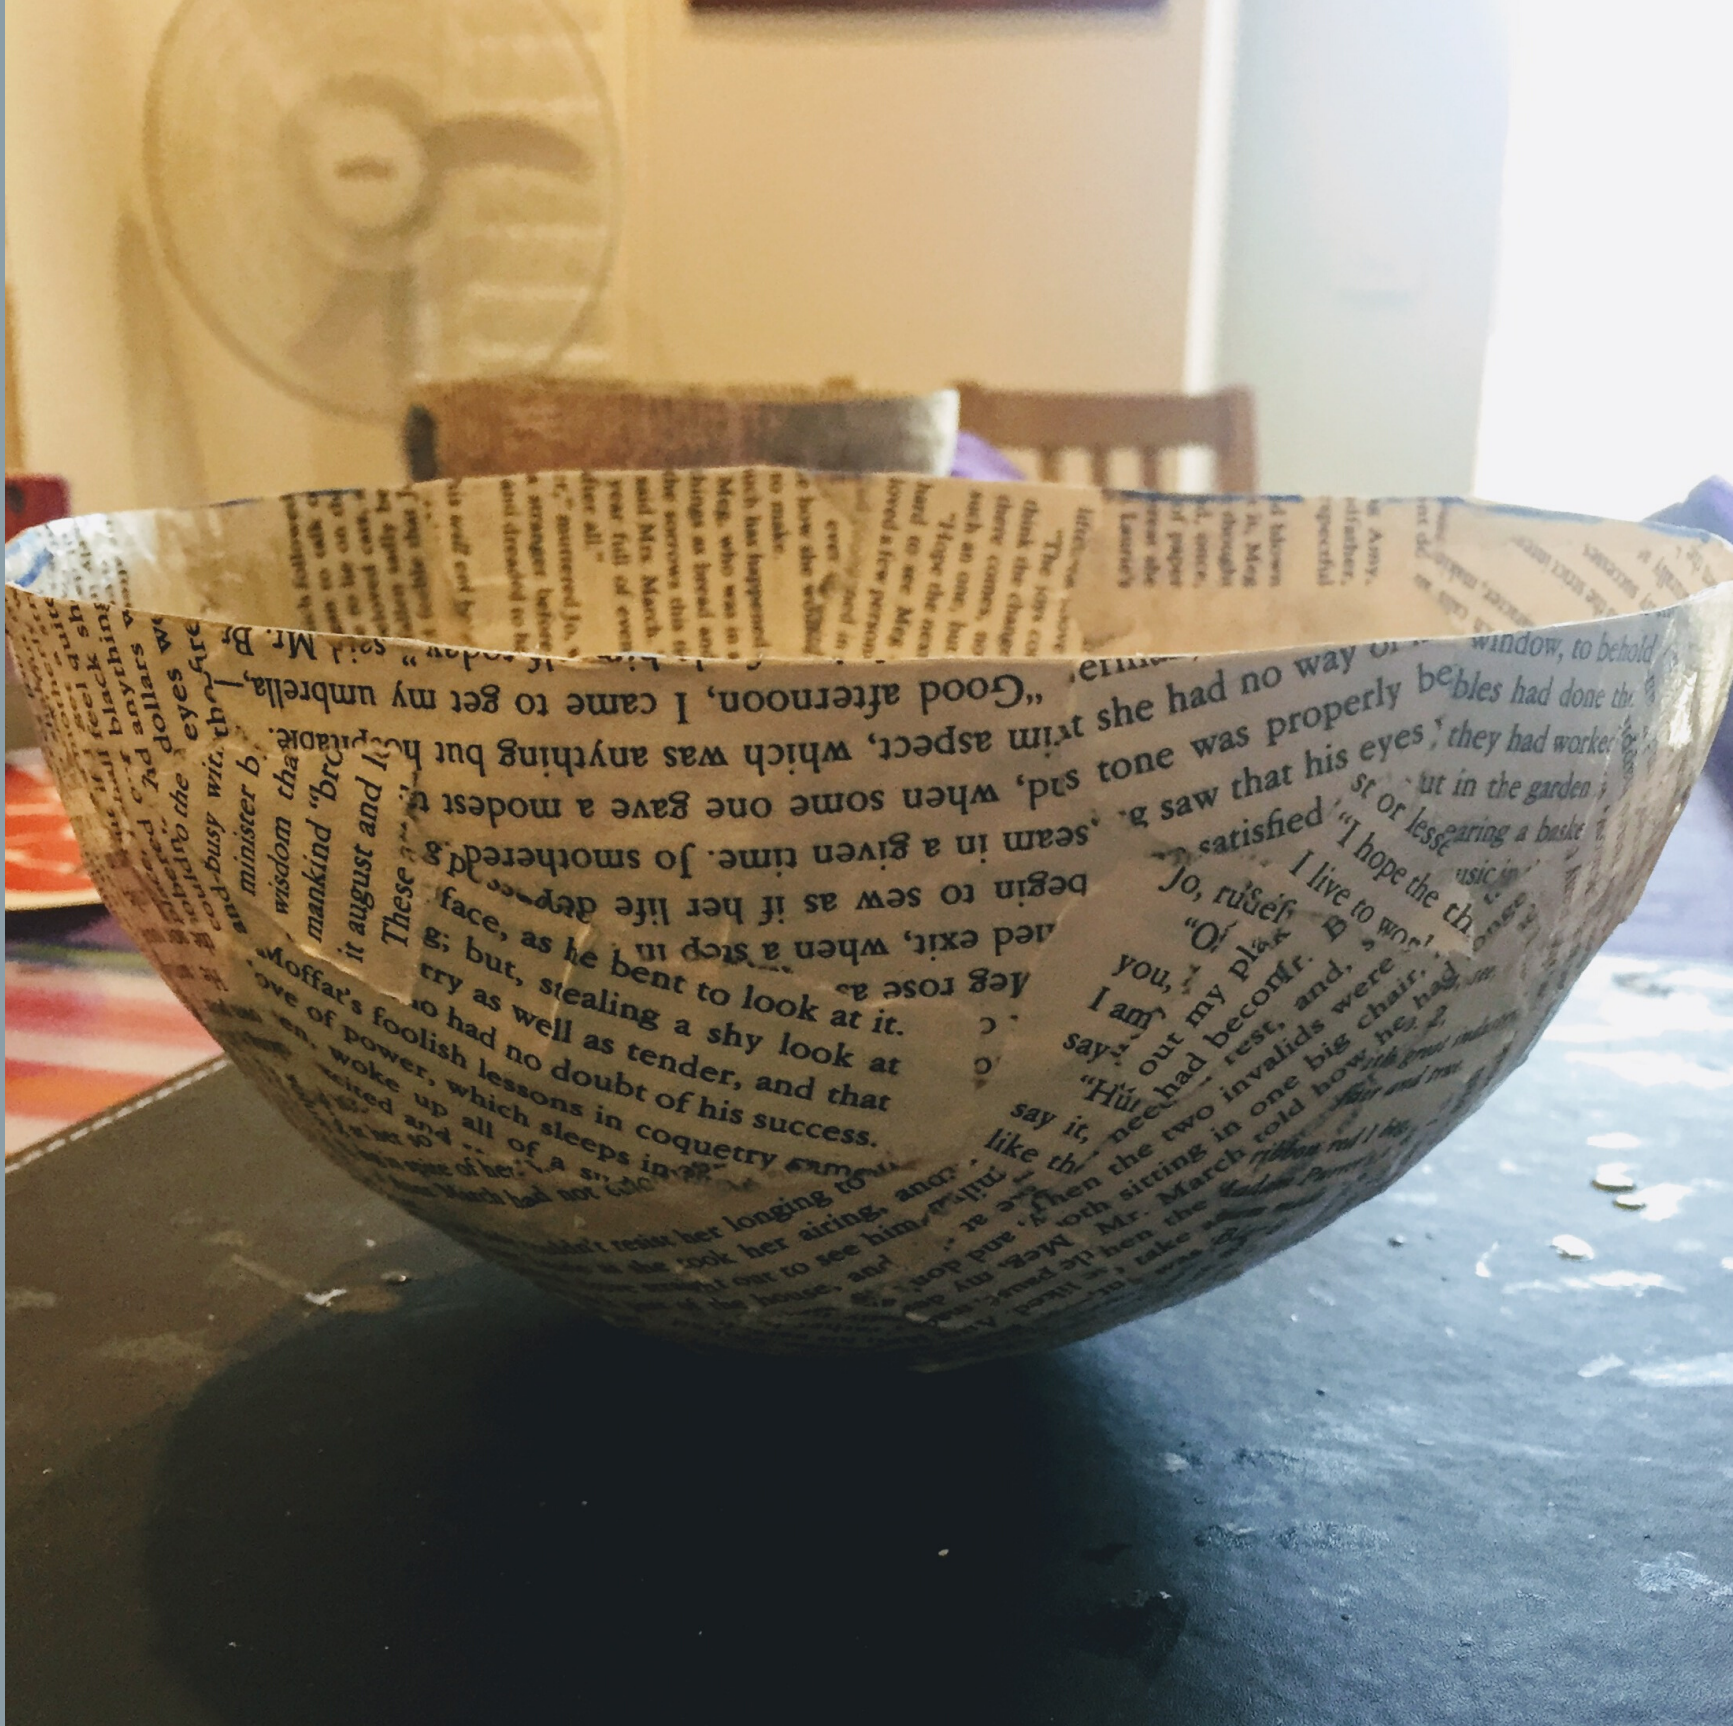

- **After the first layer dries add another layer in an alternate colour so that you can see where you have previously worked**

- **Depending on how sturdy you want your bowl, continue to glue until at least 4 layers thick**

- **Once completely dry, pop balloon and trim edges of bowl**

- Your bowl is now ready to decorate
- Finish with a final layer of PVA wash
