

How to make a paper flower

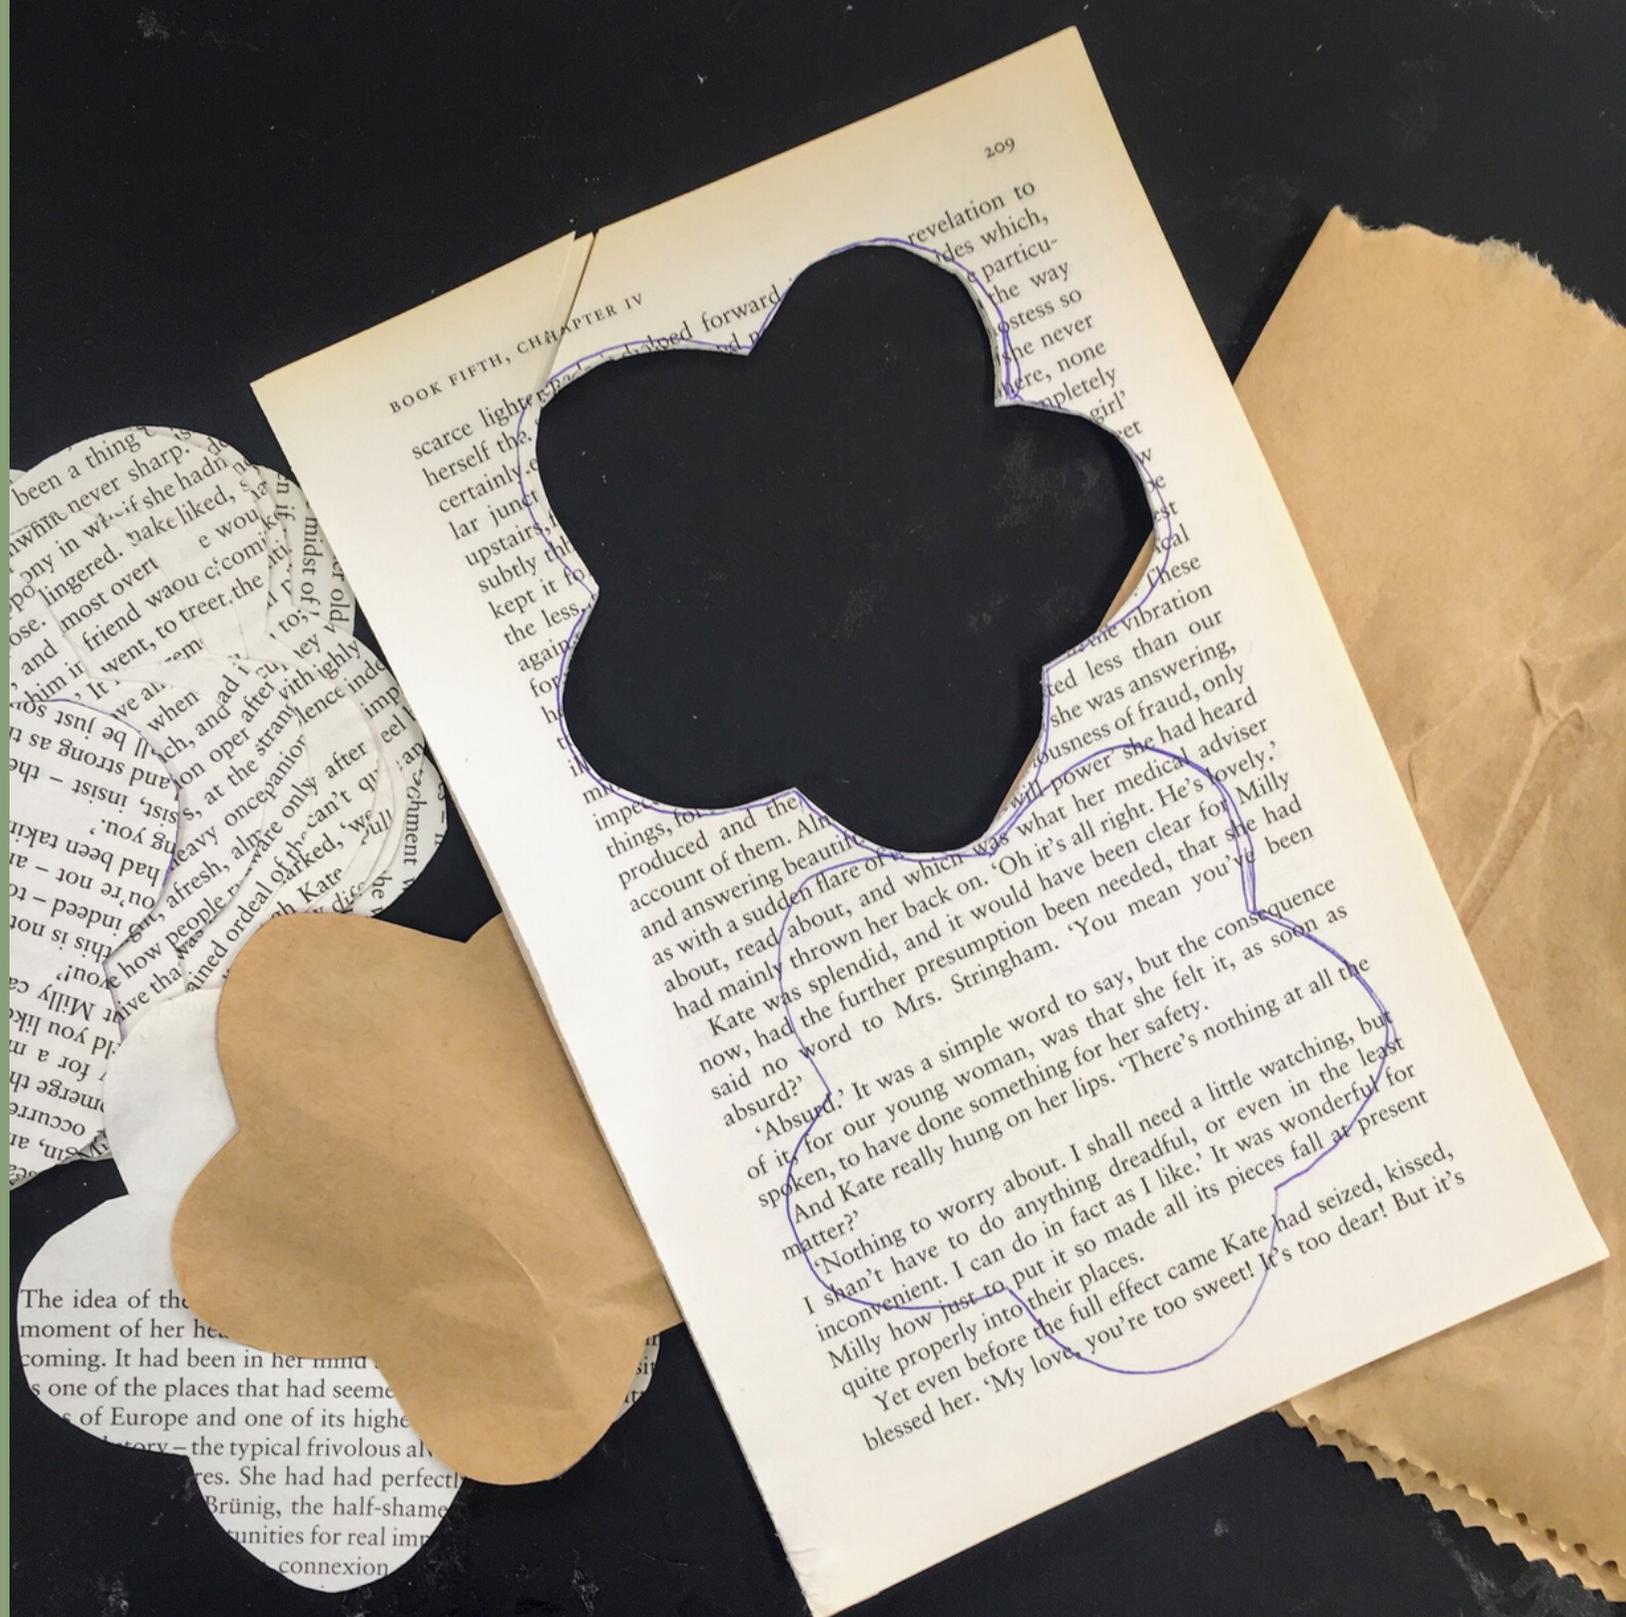

garland or wreath

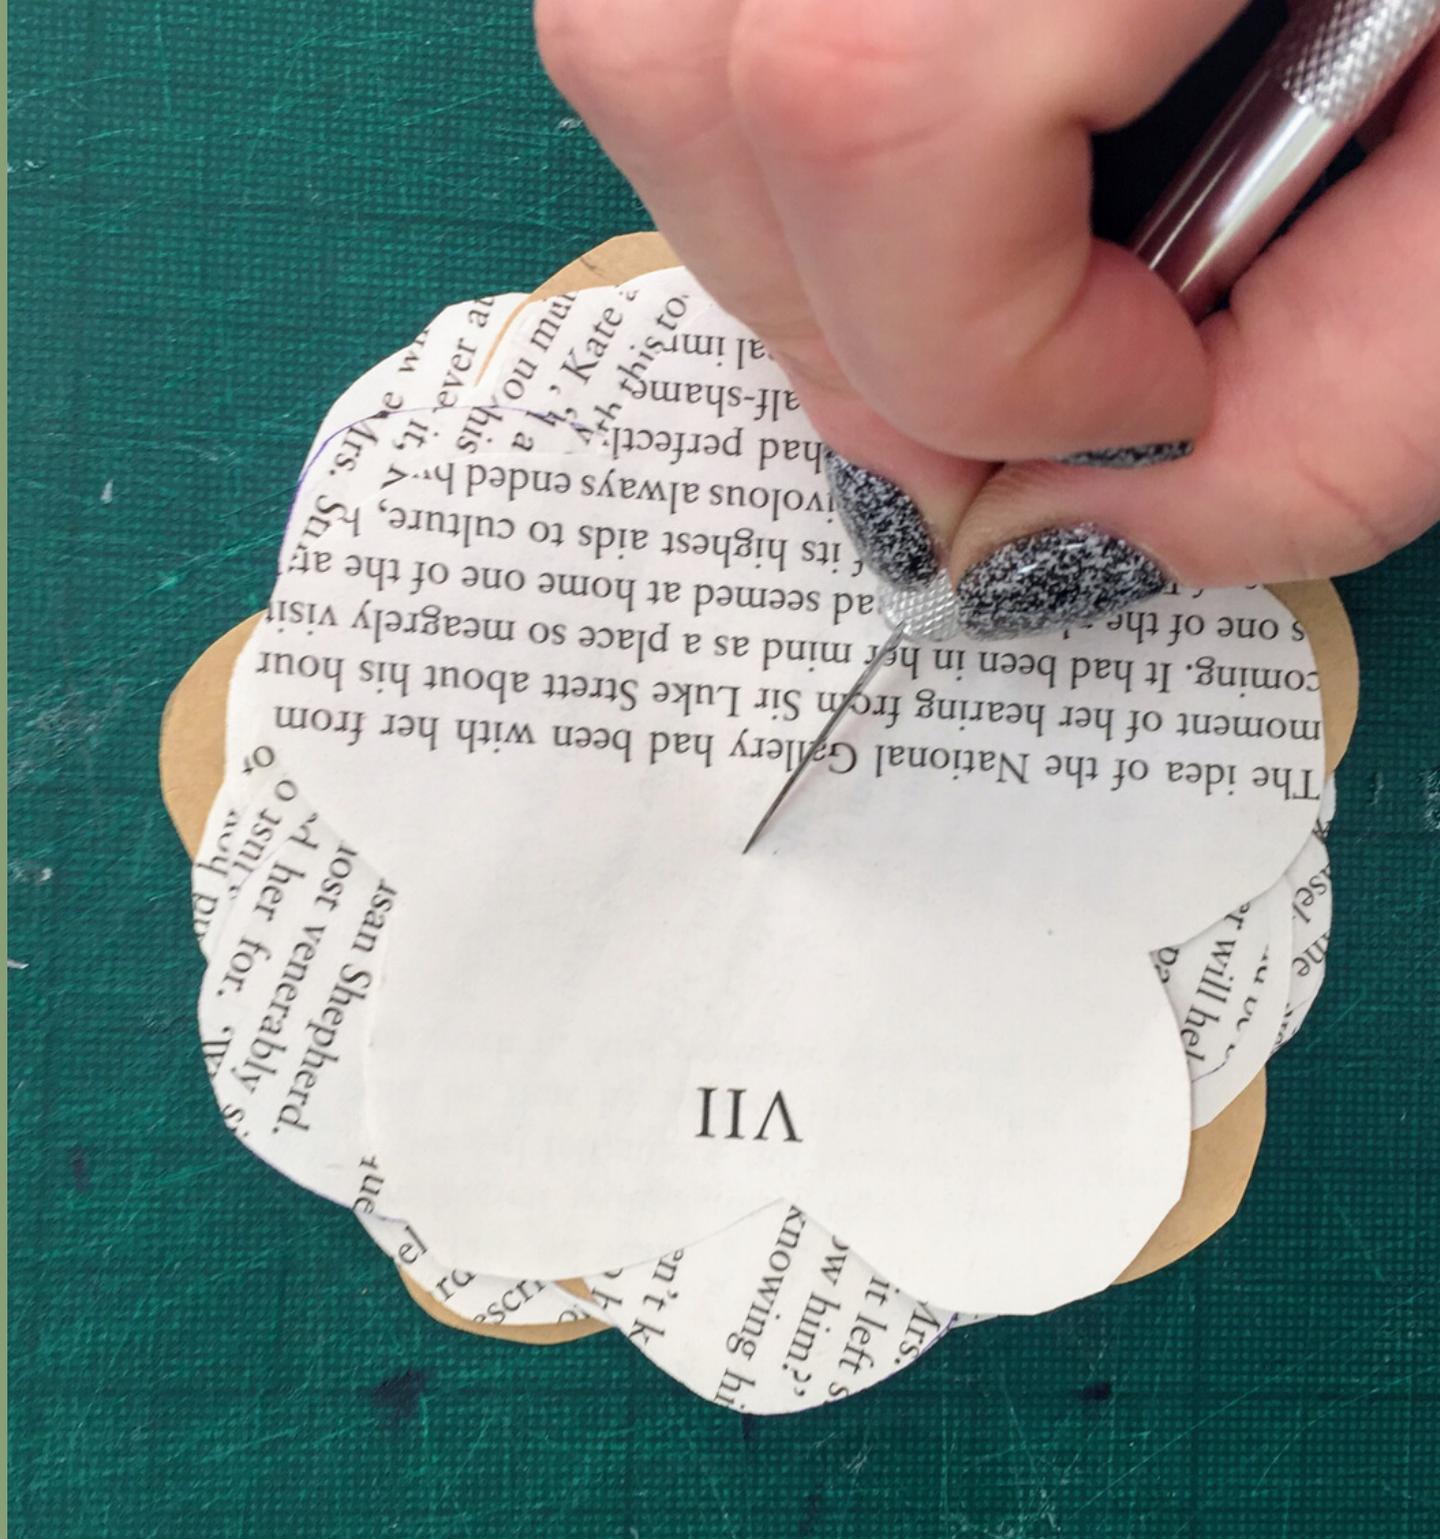

What you'll need:

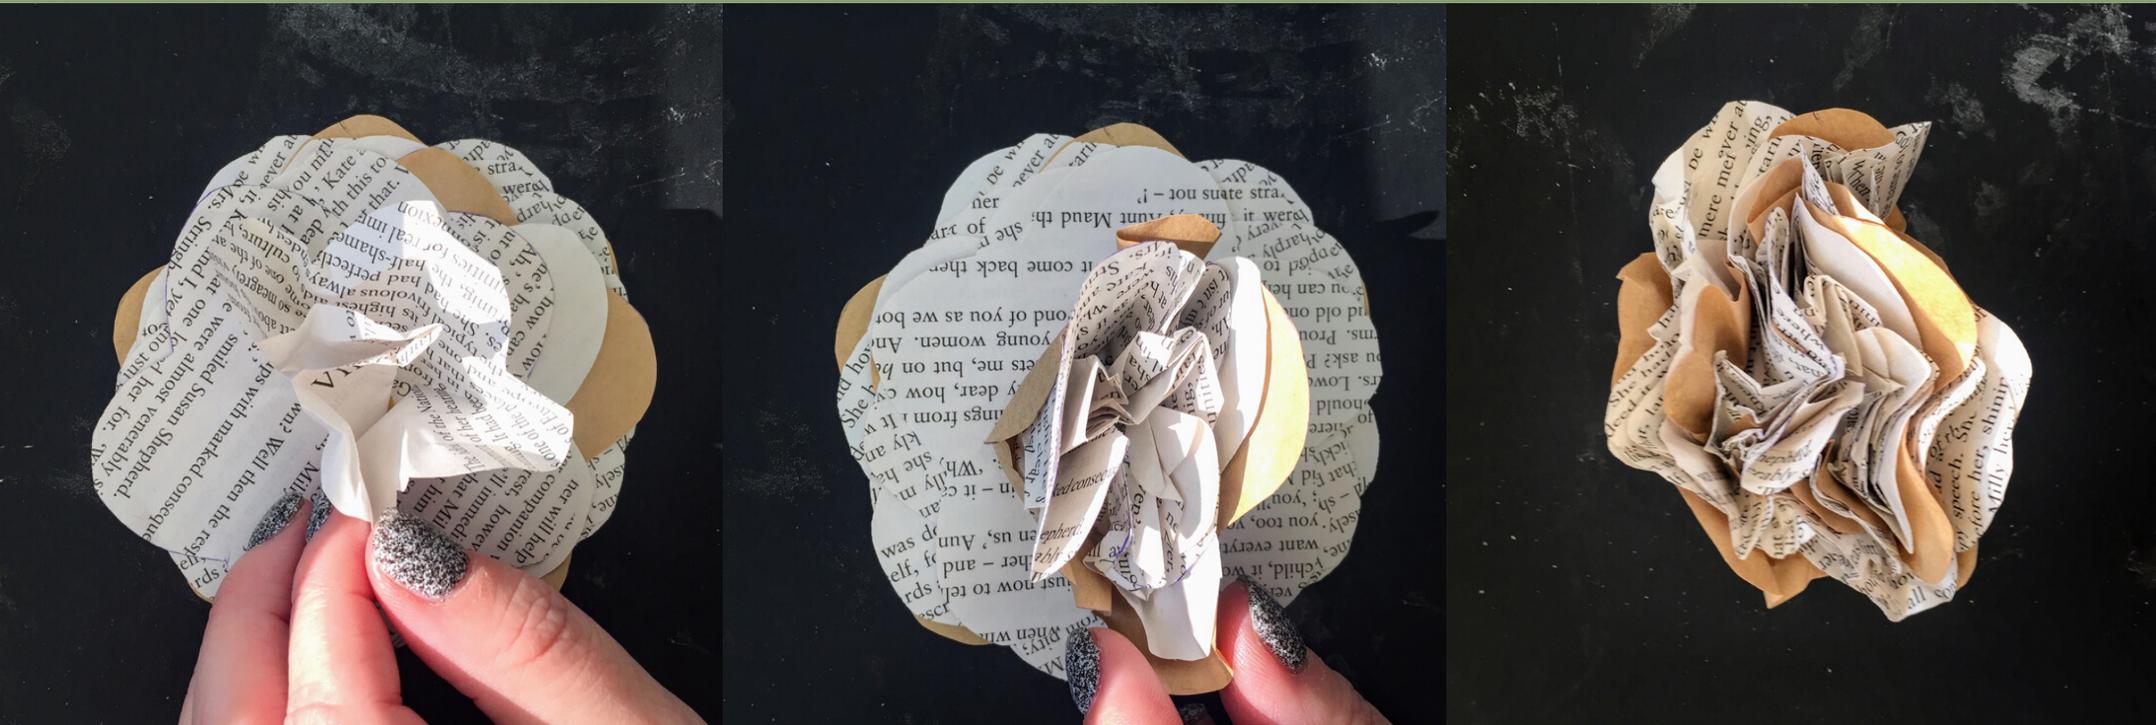

- **Scraps of paper**
- **Scissors**
- **Pen/pencil**
- **Craft knife**
- **Split pins/paper fasteners**
- **Fishing twine/string/wool etc.**

- **Cut out flower shapes using a template**

- **Cut a hole in the centre of the stack using a craft knife or similar**

- **Lift and scrunch each layer separately**

After making a few flowers you can then wrap fishing twine/string/wool etc. around the split pins in the back to make a garland or glue them to a cardboard ring to make a wreath
